SADIE HAWKINS ARRIVES!

ELECTION DAY

November 1st is the big day at S.T.C. On this day the Student Government's General Election will be held. Every Student and faculty member is eligible to vote. The polls will be open from 8:30 A.M. until 12:35. Come early and see that your vote is recorded.

The candidates for each of the offices to be filled are as follows:

For Vice-President.....Audrey Stayton and Joseph Colgain.

For Secretary..Virginia Williams

Martha White and Eunice Wheatley

For Treasurer..Zachariah Jaquett

Wendell Potter and Lynn Butler.

The ballot box will be placed at the Nurses' cloak room. To be sure that your vote will be counted, please follow exactly the directions listed below.

1. Mark your X inside the square opposite the candidate's name you wish to vote for. Do not let the mark extend outside square.

2. Fold your ballot four times.

BACHELORS BEWARE

With the defeat of our opponent tomorrow, if Coach Maggs can find one, comes that dreaded personality, Sadie Hawkins. In her company will be Daisy (Hubba-Hubba) Mae, Li'l Abner and many other inhabitants of Dogpatch. They are expected to be in time for the festivities which will begin at 5:30 P.M. with the serving of preserved turnips stewed possum and cornpone. For Aunt Bessie's friends there will be hotdogs, hamburgs, oysters, etc. After everyone has had his fill, we are then to retire to the bonfire where Lena the Hyena will take over. Lena will lead us in a few cheers and songs after which Mammy Yokum will take off for the gym. Here the fun, trouble or what have you will begin. The Dogpatchers are to take over and lead us in some square-dancing. Adequate couples will be on hand to help those who are unable to cut a square rug. The race is to end at 11:00.

THE COLLEGE LIBRARY

STATE TEACHERS COLLEGE

SALISBURY, MARYLAND

GREETINGS ! ! !

When you glanced in your mailbox this afternoon and found COLLEGE TOPICS? perhaps you wondered just what you were looking at. With a favorable amount of support from week to week, S. T. C. can call it A NEWSPAPER. years ago this school supported a paper which was very popular, and there is no reason why a successful one can not be established now. Pause a moment and think it over, then back the Staff with your ideas.

The Publications Staff has felt the need for a means of joint expression to better round out our calendar of social life and to promote better harmony among the organizations and in college life--in other words, "to let every one know what's going on." It would be unfair perhaps to credit anyone person with initiating this weekly paper, for many have expressed their desire to originate one. However, Jetta Belle Parks and Emily Ann Gilson started the ball rolling by their pushing of the project at the beginning of the year. From that time on, a Staff has ironed out details to bring the first issue off the press.

Present Staff: M. Moore, H. Ryle, F. Henry, W. Potter, J. Roberts, R. Calloway, J. Mulliken, V. Williams, and Z. Jacquett.

COMING - EVENTS

Here's the latest news on what's going to happen around the school next week. Don't say we didn't warn you.

Be sure you all attend the Assembly next week so you can air your pet grievances. You may find a solution for all your problems, so be sure you come to file every complaint.

Don't forget the party at Fellowship Hall on Halloween night---it may interest the dorm students to know they are using no social privileges to attend, so come one and all.

Have you heard about the bridge lessons Miss Russell has started, each Thursday night except tonight may find you down there learning a new game; we'll be looking for you.

Each Sunday evening at 5:45 you might be found in the Social Room, enjoying the weekly Vesper Service. Try to be there each week.

VOTE THE STUDENT GOV'T TICKET

UPTON CLOSE

Approximately two hundred and fifty persons gathered in the College auditorium last night to hear Upton Close, well-known commentator, give an address entitled "Our Open Door To Communism." He appeared through the courtesy of the Salisbury Kiwanis Club.

" SCOOPS - 'N' - SNOOPS " -

Our spies have been busy all week and the data they have compiled is tremendous. We give the best of it all below.....

There seems to be an epidemic of skinned knees among the girl athletes and we hear they all were not gained in fieldball. How about it, Bev?. They tell me Bill D. was the only one in school who was hit seriously by the paper shortage. See Larry H. for further info...Don't quote me but Mark W. seems to have it all now.....Bill H. and Red G. ought to make pretty good hand ball players. They seem to be very good at catching rebounds. ...We would like to ask Ruth Baldwin what they are calling the new movement concerning the Dorm girls. "Emancipation or Sufferage?!!...Someone had better tell Bill that the bleachers behind the garage are to watch the game from...Guess who Gracie W. will be singing to over the radio soon....The members of the Men's Association feel that Congratulations are in order for Frank L....Denny B. wishes to inform all the men students that his nights will be filled indefinitely...It is the girls turn to laugh now - that the boys are being campused.....What was the joke during assembly last Tuesday that Larry H. seemed to investigate.....

The local shieks say the

usherettes were strictly all re-et last night... Nice going girls....They tell me Marshall M. plays for the J.V. sometimes during the scrimmages...Did you see that shot it could have been better....It must be fun to tour the campus in a wheelchair, how about it, Winnie....I hear Werdy likes ice Cream at dinner, how about it, Miss Russell?....Tawes what is wrong with the Physics demonstrations in Mr. Glenn's class..... You could have knocked us over with less than a feather when recently at a meeting of the Music Appreciation Club, Jesse Pollitt revealed a very pleasing and distinctive singing voice .. Hope to hear more from said gent. ...Orchids to the cheering squad and the local supporters! By the way, several members of our excellent soccer team told me how much the vociferous cheering aided in winning the game last Wednesday..... It would seem that the Music Appreciation Club after many fumbles has at last recovered and is on the ball. Anyone interested in Classical Music should become a member at once..... The end of the first nine weeks is almost up and my spies tell me that some of the faculty members are after scalps. Maybe we shouldn't have brought this up!!

CAMPUS

SPORTLIGHT

The soccer teams, both varsity and junior varsity, have their eyes set on a very successful season. If past performances are an indication of what can be expected, the teams will attain their goal.

The varsity opened the season with a one sided triumph over Wesley. Next they were tied by a powerful Univ. of Del. eleven 2 - 2 on the oppositions field. It was not until they visited the Western Md. campus that they tasted defeat. The "Terrors" edged the S.T.C. representatives 4 - 3. After this setback, the maroon and gold bounced back into the win column with a breath taking decision over the favored Washington College 3 - 2. The Junior varsity had won four straight games before they tasted defeat at the hands of the Crisfield varsity 2-1.

AROUND THE CAMPUS

It looks as though the college will have a sports revival in a big way this year. The Mens A.A. has laid the foundation for all types of athletics from soccer to gymnastics.Congratulations are in store for Marshall Moore, Charlie White, and Sam Colgain for their great game against Wash. College....A vote of recognition to Ed Ryle for a job well done in the same game.

Bill Dykes says he's ready for action againTommy Younkers knee is giving him less trouble now.....Did you see Ed Nichols get robbed out of a goal in the last game. Woolston had to be ready for the Friday game. We hope so.....Let's keep those cheers loud and continuous! Potter and assistants are doing a great job. Thanks to Ed Nichols for his swell coverage of our games.

The Jayvees have been playing good ball these past weeks. They have won five games, tied one and lost one.

The constant afternoon football practices are showing remarkable results. Not only the number of students out for practice but also in the way they are winning the games with other schools, mainly Crisfield and Wi Hi. Sprained ankles, skinned knees don't mean a thing to them. Congratulations to the undefeated team.

Now a good deal of interest is being focused on hockey. With Elinor Lynch as manager why not get your heads together and you'll see. Hockey sticks to the ground and have the ball moving toward the goal and prove you can also win in hockey? Get in practice because there is something in the wind about a game with Dover. In the way, those that don't play hockey try to be out to give a few cheers.
